Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, construction work on US 30 at the I-39 interchange south of Rochelle will begin on Tuesday, September 2, 2014. Three Star Painting will begin the \$721,637 project to paint the two I-39 bridges over US 30.

The contractor will be working from US 30 to paint the overhead bridges. Most of the work will be done with all lanes open with the contractor working from off the US 30 shoulders. Drivers should be alert for workers along US 30 until the project is completed by the end of October.

US 30 will be closed from Monday, September 8, until Friday, September 12, 2014. During this five day closure, the contractor will complete the painting of the beams above the travel lanes. All the ramps at the interchange will remain open as the only area closed will be directly under the I-39 bridges. Traffic will be detoured on I-39 to the nearest interchange and then back to US 30 to exit on the other side of the closure.

Please slow down and use extreme caution while driving through all work zones.
